Integrity

Phrase — "Integrity creates a culture of trust and respect."

Description — "Integrity means having upstanding morals and honoring those around you by being honest and virtuous. The ability to be principled and ethical serves as a way to form trust between team members and our supporters. Our team's value of integrity gives us credence throughout our community as trustworthy individuals."

Hard Work

Phrase — "Hard work transforms concepts into reality.

Description — "Hard-work is more than just completing tasks. With a good work ethic, a person can achieve almost anything. It is important for team members to help and inspire others to work hard. Our team's focus on working hard leads to our continual growth as a team as well as individuals.

Cooperation

Phrase — "Cooperation encourages us to learn and work together."

Description — Talon Robotics prioritizes cooperation. When we work as a team, we stay open-minded, share knowledge, and encourage one another. One person cannot build a robot; every team member contributes in their own unique way.

Competitiveness

Phrase — "Competitiveness drives us to seek victory"

Description — Talon Robotics seeks to maintain and improve competitiveness in everything it does. A broad philosophy of learning and teaching helps push this goal of competitiveness forward; learning helps us keep up with the competition this year, and teaching helps us retain that knowledge for years to come.

Fun

Phrase — "Fun glues our team together year after year!"

Description — Talon works hard to bring fun to everything we do. We show every student the excitement of robotics. Fun helps us stick together and persevere through thick and thin, allowing us to reach our goals!
